Mail Stop After Final
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants appreciate the Examiner's efforts in this case and respectfully request clarification of the following items for the record.

1. The Notice of Allowance mailed June 30, 2010 includes an Examiner's Amendment referring to "executable" in claim 95. However, claim 95 as submitted in the 3/29/10 Amendment does not include the word "executable," so it is believed no amendment to claim 95 is needed.

2. In the Preliminary Amendment filed February 25, 2002, several amendments to the specification were made, including a reference to a claim of priority to U.S. Provisional Patent Application Ser. No. 60/300,352, filed June 6, 2001. The application as published does not appear to include this reference, so Applicants respectfully request that the record be updated to include the claim to

priority to 60/300,352. Additionally, Applicants respectfully request a filing receipt indicating this priority claim.

3. The IDS filed December 1, 2009 (and considered 12/19/2009) included a cite to U.S. Patent No. 3,982,744, but the citation was not initialed with the other citations. Applicants believe the Examiner considered this reference as well, but request a clarification for the record.

The Commissioner is hereby authorized to charge any deficiency or credit any overpayment to Deposit Account 11-0855. If there are any issues that can be addressed via telephone, the Examiner is asked to contact the undersigned at 404.745.2447.

Respectfully submitted,
